GENERAL INFORMATION FROM IR

12332.3.4 Rifle Inspection

Rifles must be checked and marked before the end of zeroing during official training and also prior to the start of competition.

As a part of rifle inspection, all nations will be afforded an opportunity to complete their required comprehensive rifle inspection for all rifles that may potentially be used during competition prior to official training day and/or competition day

Rifles presented at competition must correspond to the equipment inventory submission and been approved.

Unchecked rifles or rifles that do not correspond to the approved equipment inventory may not be used in competition.

In addition to the complete rifle inspection, random rifle inspections will be carried out on official training and on competition days. Typically, a random check will only include trigger weight confirmation, but may also incorporate a complete rifle inspection, including power. If a rifle fails inspection prior to a competition, the rifle may be adjusted to pass and then permitted to be used in competition. If the rifle fails an inspection during or immediately following competition, the jury may disqualify the athlete from that competition.

GENERAL INFORMATION FROM IR

12332.4.3.1 Rifle zeroing may take place only on the range and only paper targets will be used for zeroing. **Zeroing target paper will be changed at 20 minutes. The time required for the change may not be deducted from the time allocated for zeroing.**

12332.5.1 General

- All shooting during training and competition takes place at the shooting range. In a competition, competitors shall shoot after having completed each of the required sections of the course for the competition.
- Each competitor must stop at the shooting position at each shooting round and must **fire five times**

GENERAL INFORMATION FROM IR

Usually this will occur at the end of that specific category**

12338.5.3 Biathlon penalties:

Two minutes Penalty A time penalty of two (2) minutes shall be imposed on athletes or teams for:

- every penalty loop, as a result of shot-penalties, not done immediately after each prone shooting by an Athlete;
